

L'OEIL DE LA PHOTOGRAPHIE

THE EYE OF PHOTOGRAPHY

Milano centrale

“Welcome to my hood “ A trip to Milan, a backstage extravaganza by Michel Haddi. The war zone without all the collateral damages, just some sweet gossips amazing girls looking a million dollars. A dream machine in a dream factory.

Feel the stress, the fun; the melodrama. Yes it’s all a question of hanging out with the girls. Respect of theses beauties, they always strike a pose for a good photo and they work the shows. For 2 seasons **Michel Haddi** did backstage for *Vanity Fair* Italia, in 2010-2011. Having fun, catching emotions. Join the hordes of fashionistas I can assure you the barbarians are not at the gates, it’s only the grand casino of fashion and it is in Milan, and we love it !!!!!
